#### GUIDELINES IN SELECTING NEW CLUSTER SERVANTS TRAINEES

In order to improve Quantification, we need more Cluster Servants and here are some criteria that you should consider:

- The person you select must be an adult. That is, above 18 years of age and not in school, college etc.
- The person you select should be a member of TIST, or have some knowledge about TIST or, someone who wants to join TIST. Being an active member of TIST should be an added advantage.
- The person you select should be able to use, or learn to use, a smart phone. TIST is now using smartphones for quantification, communication, and Cluster administration, among other duties.
- The person you select should be ready to abide by TIST Values.
- The person you select should be a resident of the Cluster or GOCC that s/he will be serving.
- The person you select should be willing to work with TIST and farmers for long term (several years).
- The person you select should be willing to learn and serve farmers diligently.
- The person you select should have a recommendation letter from area Chief, or sub-chief, or a church minister, or an elder.

#### WHAT IS REQUIRED TO DO 100% CLUSTER COMPLETION?

Cluster completion by 100%: Refers to the process of fully updating all groups in a particular Cluster to qualify for all the payments - that is prepayments and Profit Share.

Here are the activities involved for 100% completion:

- Signing the GHG contract, scanned and uploaded on website

- Have good quality tracks
- All groups within the Cluster should be quantified in 12 months
- All groves in the group should be updated and quantified
- All baseline information must be collected and entered correctly
- Conduct monthly Cluster updates

#### CHARACTERISTICS OF A GOOD AND SUCCESSFUL TIST CLUSTER

- It must be composed of 30-50 Small Groups
- Must have planted 200,000 trees
- Should have a functional rotational leadership
- Practice Conservation Farming
- Practice energy saving cook stoves
- Conduct monthly Cluster meetings
- Should have established nursery beds
- All the groups should have a fully signed and uploaded on the website GHG contract
- Should also practice other income generating activities besides tree planting e.g., apiculture and livestock rearing
- They should adhere to TIST values
- Should work to produce many more groups and form more Clusters

#### QUANTIFICATION CALENDAR

This refers to the schedule a Quantifier makes to guide and to help him/her complete different task in a specific period of time.

#### ADVANTAGES OF QUANTIFICATION CALENDAR

- It helps the Quantifiers to hit the target
- It helps the Quantifiers to identify the work to be done easily in six months

## RUNYAKORE

- It helps the CS to know the updated groups and those that are not updated
- It helps CS to balance all other TIST activities with quantification in six months
- It helps CS to produce quality work in six months
- It helps leadership to monitor TIST activities easily looking at the calendar in six months
- It helps CS in planning their quantification movements, for example dry and wet season
- It enables Quantifiers to alert farmers to clean their groves
- It guides CS to quantify their groups effectively
- It helps the CS to gather all the required equipment to be used in six months, for example when training on nursery beds
- It reminds the CS when and where to work
- It helps leadership team and CS to identify weaknesses and how to solve them, and also identify strengths
- It helps CS to plan for all groups within the Cluster
- Work is done on time since everyday has its own task

## ELIGIBILITY REQUIREMENTS FOR TIST STRONG SMALL GROUPS

- TIST Small Groups are made of 6-12 members
- Members must come from at least three different families near each other
- TIST Small Groups commit to planting at least 1,000 trees per year for five years
- TIST Small Groups meet one time per week
- TIST Small Groups sign the GHG contract together
- TIST Small Groups will embody the TIST values
- TIST Small Groups practice rotational leadership and Kujengana
- Should have enough land to plant trees
- Should be able to establish nursery beds
- Should be able to plant trees that die by replacing with new trees

**TABIA YA NGUZO NZURI NA YA MAFANIKIO YA TIST.**

- Lazima ikue na vikundi ndogo kama 30-50(thalasini kwa hamusini).
- Lazima wakue wa me panda mtii lakii mbili (200,000)
- Lazima wakue na Muzunguko wa viongozi wa kazi.
- Fanya mazoezi ya ulimaji wa uhifadhi.
- Lazima wakue wanna fanya mazoezi ya kujenga jiko mpishi ya kuokoa nishati.
- Fanya mkutano ya nguzo kila mwezi.
- Lazima uanzishe vitanda vyta kitalu.
- Lazima vikundi zote ziwe zime weka sahihi na kusambazwa kwa mutandao ya mkataba ya GHG.
- Lazima pia ukueunafanya mazoezi ya shughuli zingine zenyen zina letaa mapato kando ya kupanda mtii, sasa ulimaji wa kilimo na mifungo ya munyama.
- Lazima uambatane na thamani TIST
- Lazima wa fanye wakizalisha vikundi nyingi na kuanzisha ma nguzo mengi.

### **AKALENDA YA UPIMAJI WA MTII**

Hii ni usishwa na ratiba ya mupimaji ambae ana-fanya mwongo ya kusaidia yeze kwa kukamili-sha ma kazi mbalimbali katika kipindi kya wakati maalumu.

### **FAIDA ZA KALENDA YA UPIMAJI NA KUESABIKA WA MTII**

- Ina saidia wapimaji wa mtii kwa kufikia lengo yao.
- Ina saidia wapimaji wa mtii kutambua kazi ya kufanya kwa haraka katika wakati wa miezi sita.
- Ina saidia C.S kujua vikundi vyenye kushashwa na zenye zijkishaahwa.
- Ina saidia C.S kwa kusawisha ma shughuli zingine za TIST na kufanya upimaji kwa miezi sita.

- Ina saidia viongozi kwa fatilia ma shughuli za TIST kwaurahisi ,wa angalia kwa kalenda kwa wakati wa miezi sita (six months).
- Ina saidia C.S katika mipangilio yao ya harakati ya upimaji, sasa kya mfano kwa msimo ya ukavu na wa mvua.
- Ina wezesha wapimaji kwa kufamisha wa mkulima kutayarisha ma shamba zao mapema.
- Ina uongoza C.S kuusu kuesabu na kupim-wa kwa vikundi zao kwa ufanisi.
- Ina saidia C.S kwa kusanya viffa vyenye inayitajika kwa kutumikiwa miezi sita,na kwa mfano kama mafunzo kuusu vitanda vya kitalu inaende-lea.
- Ina kumbusha C.S linii na wappi ambae atafanya kazi.
- Ina saidia timu ya wa viongozi na C.S kwa kutambua udhahifu na jinsi ya kuzi tatu,na pia kutambua nguuvu zao.
- Ina saidia C.S kwa kupanga Mpango za vikundi vyote katika nguzo.

- Na kazi ina fanyika kwa wakati, kwajili kilasiku inao katara ya kazi yake.

### **MAHITAJI YA HAKI KUUSU VIKUNDI NDOGO YA NGUUUVU KWA TIST**

- Vikundi ndogo vya TIST zina fanyiwa na wanachama 6-12.
- Wanachama lazima watokea kwa tafadhali kwa familia tatu zenye ziko karibu -karibu.
- Vikundi ndogo vya TIST zina jitolea kwa kupanda mtii tafadhali 1000(elfu moja) kwa kila mwaka kumaliza miaka tano.
- Vikundi ndogo vya TIST zina kutana mara moja kwa kila wiki.
- Vikundi ndogo vya TIST zina weka sahihi kwa mkataba ya GHG pamoja.
